

Fax Talk.....

Issue 2

October 07

This FAX covers some of the vulnerabilities a medical office system faces when connected to the Internet. Various types of routine maintenance procedures for a computer system that allows it to run at its maximum efficiency are also discussed.

Listed to the right are some of the services Quadex Healthcare Solutions can perform to help keep your network running optimally and securely.

You are currently on our FAX list. If you wish to be removed from our FAX list, please contact our office at 845-883-5000.
